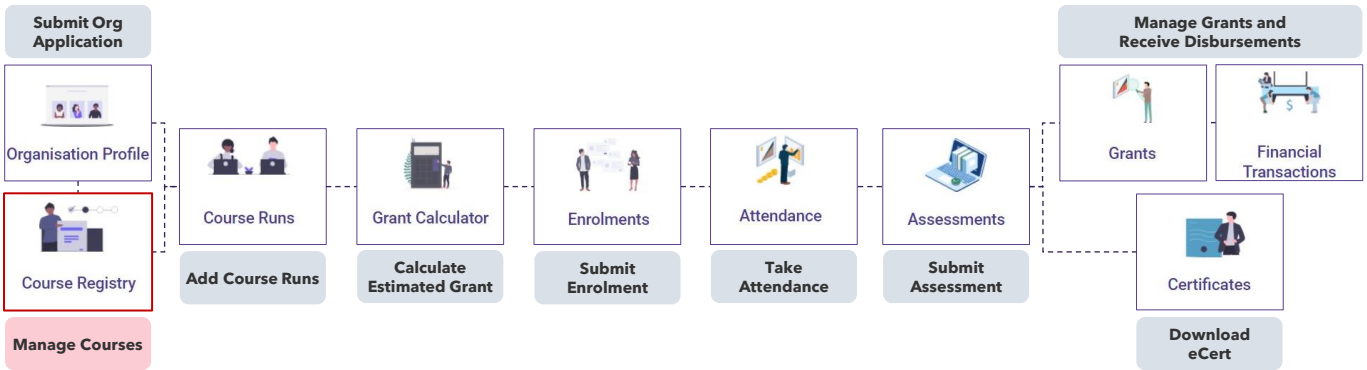
Course Dashboards on Training Partners Gateway (TPGateway)

This guide is meant for SSG/WSG Training Providers to manage courses via the course dashboard.

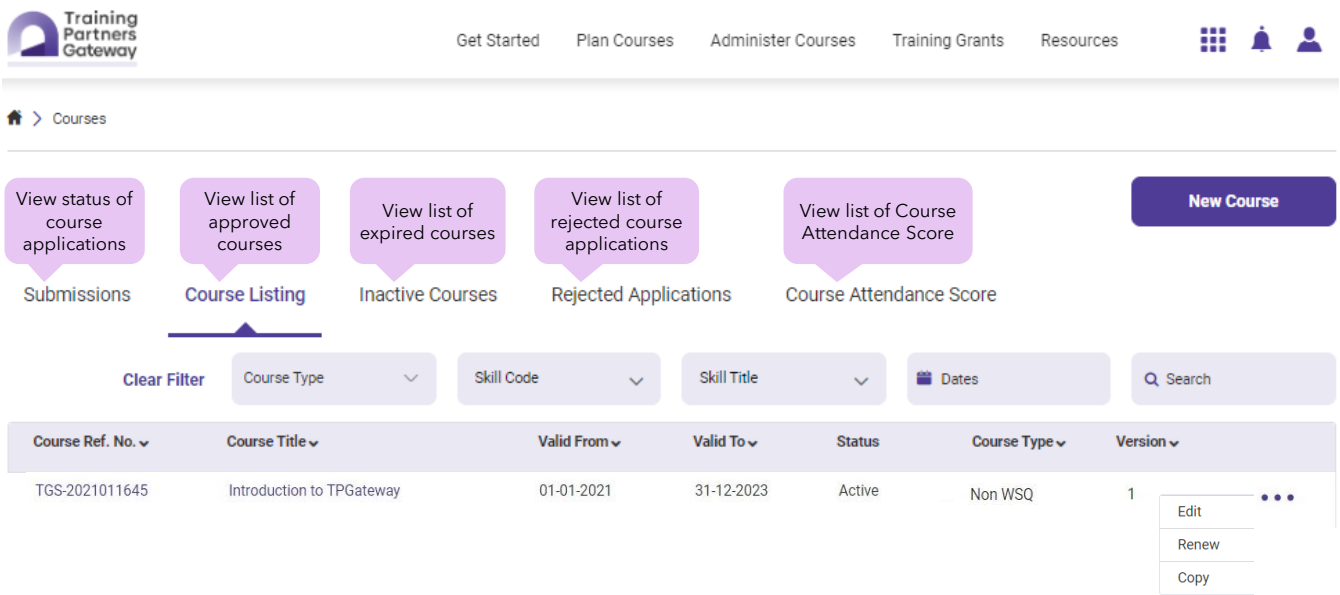
End-to-end TPGateway process for Training Providers



Included in this Quick Reference Guide

- Update Unique Skills Tagging
- Apply for Course Funding (only for non-WSQ course that falls under the PE Act)
- View Course Attendance Score
- Submit Renewal Application

"Course Registry" tile at a glance



This document is updated as of November 2024 and is subject to changes.

Course Dashboards

SSG/WSG Training Providers

Course Dashboards on Training Partners Gateway (TPGateway)

This guide is meant for SSG/WSG Training Providers to manage courses via the course dashboard.

Update Unique Skills Tagging

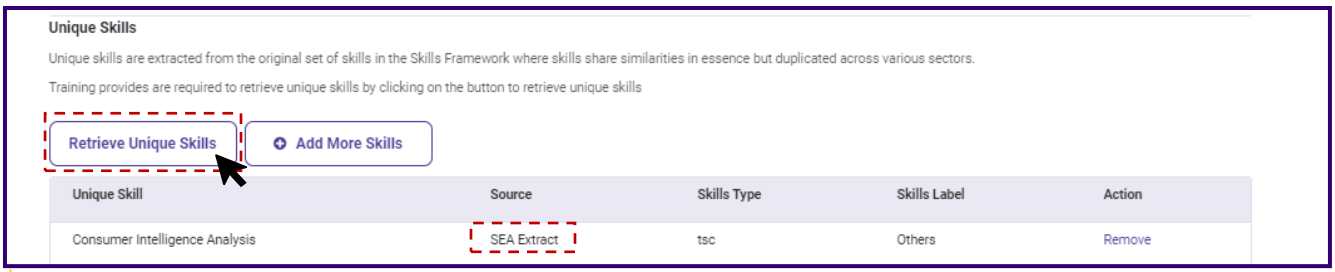
Pre-requisites

- "Full Access" to "Course Registry" tile
- **Non-WSQ course** (without skill(s) identified from the national SFw) has been approved

To update unique skills tagged for WSQ courses and/or Non-WSQ courses with skill(s) identified from the national SFw, please re-submit your WSQ course for re-accreditation or apply for a new WSQ and/or non-WSQ course.

Unique skills tagging is not applicable for SFC-only courses uploaded via DCT.

1. Click on the "Course Listing" tab
2. Search for the course you wish to edit and click on the ellipsis (•••) and select "**Edit**"
3. Click Next till "Skills and Industry Relevance" page.
4. Where applicable, update the fields under the "Unique Skills" section
5. Click Retrieve Unique Skills to retrieve Unique Skills from source "SEA Extract"



Unique Skills from source **"SEA Extract"** are generated from analysing course information from "Course Title" and "What You'll Learn".

To update the list of Unique Skills from "SEA Extract", you may edit the course information (i.e., "Course Title" and "What You'll Learn") under "Basic Information" page.

- Updates to course information (i.e., "Course Title" and "What You'll Learn") for Non-WSQ courses without skill(s) identified from the national SFw will be a **minor edit up till 31 Dec 2024, 11.59pm**.
- From 1 Jan 2025, updates to the course information will be a major edit (i.e. approval is required).

Course Dashboards

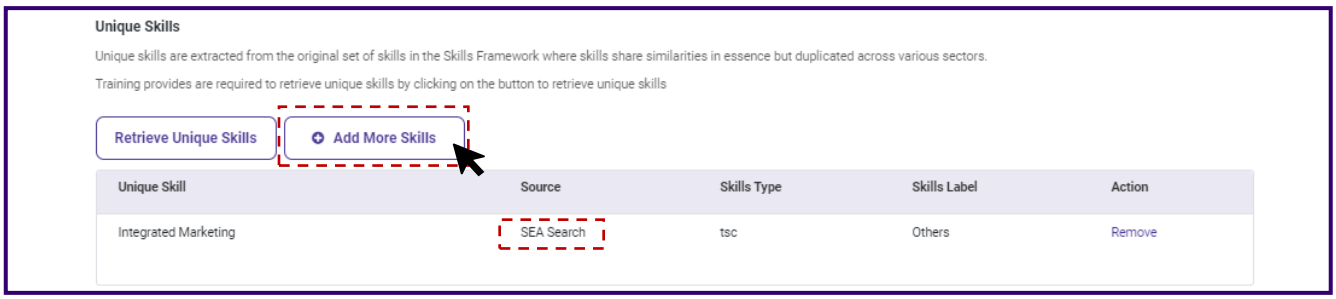
SSG/WSG Training Providers

Course Dashboards on Training Partners Gateway (TPGateway)

This guide is meant for SSG/WSG Training Providers to manage courses via the course dashboard.

Update Unique Skills Tagging

6. (If necessary) Click [Add More Skills] to retrieve additional Unique Skills from source "SEA Search" that are relevant to the course'



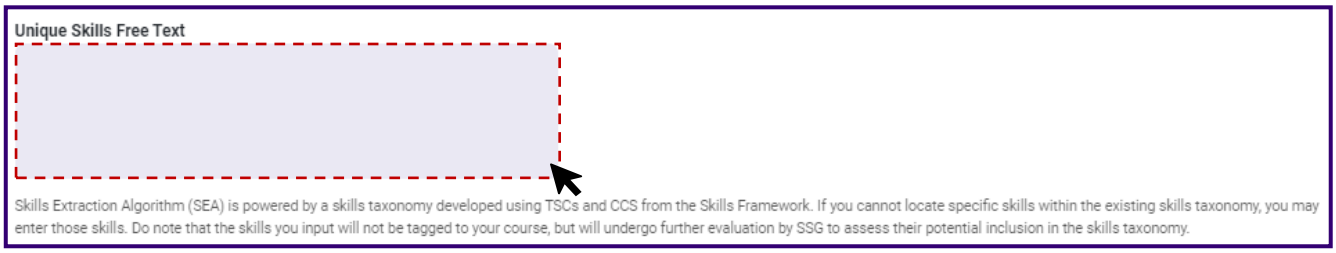
7. A pop-up window will appear to "Enter Keyword" in the search box

8. Click [Add] to add the selected Unique Skills based on keyword search

Important to only tag skills that are **key to the learning outcomes of the course**. A limited and well-defined set of skills will improve the searchability and matching algorithms. **Skills declared will eventually be measured via TRAQOM**.

Unique Skills from source **"SEA Search"** are skills from the keyword search to tag the relevant Unique Skills to the course.

9. (If necessary) TPs may suggest additional Unique Skills by entering the skills in the "Unique Skills Free Text"



Unique Skills entered in the **"Unique Skills Free Text"** box are skills that are not located within the existing skills taxonomy. Further evaluation by SSG will be required to assess the potential inclusion in the skills taxonomy.

10. Click [Next] till "Review your Application" page. Ensure your edits have been correctly captured.

11. Click [Submit]

Apply Course Funding

Pre-requisites

- "Full Access" to "Course Registry" tile
- Course permission has been approved on GoBusiness Licensing portal
- Only applicable for **Non-WSQ course** that falls under the **Private Education (PE) Act** and funding has not been approved previously.

1. Click on the "Course Listing" tab
2. Search for the non-WSQ course you wish to apply for course funding
3. Click on the ellipsis (•••) and select "**Apply**"
4. Complete the fields in "Getting you started" (pre-application form) where applicable

If your course is supported under an "Agreement" by SkillsFuture Singapore (SSG) or Workforce Singapore (WSG), select "Yes" for either questions, where applicable:

- Will this course be supported under an "Agreement" issued by SSG?
- Will this course be supported under an "Agreement" issued by WSG?

You will be required to input the "Agreement" Reference Number in your Course Application. If unsure, please confirm with SSG or WSG.

5. Click **Next**
6. Review the information on "Journey Ahead" page and click **Proceed**
7. Ensure your course permission details have been correctly captured in the "Course Permission Information" page
8. Click **Next** to begin Course Application
9. Review your application to ensure that all information entered is accurate in the "Review your Application" page
10. Read and agree to the Terms and Conditions and make the necessary Declarations
11. Click **Proceed to Payment** and complete your payment
12. You will receive an "**Application Acknowledgement**" message

You will be prompted to renew your course funding before funding expiry date. Refer to **Course Dashboards Quick Reference Guide** to **submit manual course renewal**.

View Course Attendance Score

Pre-requisites

- "Full Access" to "Course Registry" tile
- Registered WSQ or Non-WSQ course with "Active" status

1. Click on the "Course Attendance Score" tab
2. Click Download Course Attendance Score Report to bulk download all Course Attendance Score (CAS) records for active registered courses in an Excel.

   The CAS report computes the results of trainees' attendance scores on a weekly basis.

3. Search for specific active Registered Courses using the following filters

Filter	Description
Course Type	Filter based on "Course Type" using the drop-down: • WSQ • Non-WSQ
CAS Value	Filter based on "CAS Value" using the drop-down: • 0% ≤ CAS < 25% • 25% ≤ CAS < 50% • 50% ≤ CAS < 75% • CAS ≥ 75%
Valid To	Filter based on "Course Validity End Date" of the course
Search	Perform keyword search to retrieve specific registered course

At least one search criteria is required

Only Registered Courses with an "Active" status will be displayed in the Course Attendance Score tab

CAS is computed on a weekly basis. The updated CAS results for trainees will be reflected in the "Course Attendance Score" column and within the CAS report.

Eligibility for Course Renewal

Timing and Criteria for Renewal

- Renewal checks will commence from 6 months before the course validity end date.
- From 1 January 2025, Course Attendance Score (CAS) will be computed, and only Registered Courses that achieve at least 75% CAS and meet other conditions (if applicable) such as conditions set out in the Funding Agreement, endorsement from a Singapore Government agency for the sector, etc., will be considered for renewal.
- RTPs will have to put in a renewal application* via Training Partners Gateway, for the renewal of the following course types:
  - WSQ Assessment-only Pathway (AOP) courses;
  - WSQ Accreditation-only courses; and
  - WSQ In-house courses.
- For other course types, the renewal approach remains status quo.

If you do not wish to continue delivering the course after the course has been renewed, you should submit a **course edit application** to end the validity period of the course.

If your course is not renewed because it does not meet the course renewal criteria, you may submit a new WSQ or Non-WSQ course application that reference the unique skill(s) for which the non-renewed course was previously approved after the 3-month improvement period. Please note the prevailing non-refundable fee applies for each new course application.

*Submission of Renewal Application

Pre-requisites

- "Full Access" to "Course Registry" tile
- Course is under a programme that is eligible for course renewal
  - Do check with your supporting agency if they accept course renewal requests.
- Course requires a renewal application to be submitted
  - You will be prompted to renew your course before course expiry date via in-system notifications.

1. Click on the "Course Listing" tab
2. Search for the course you wish to edit and click on the ellipsis (•••) and select "**Renew**"
3. *(Optional)* Update the fields in the course application
4. Ensure your edits have been correctly captured in the "Review your Application" page
5. Click Submit

To submit course renewals for SFC-only courses uploaded via DCT, please contact your supporting agency.
