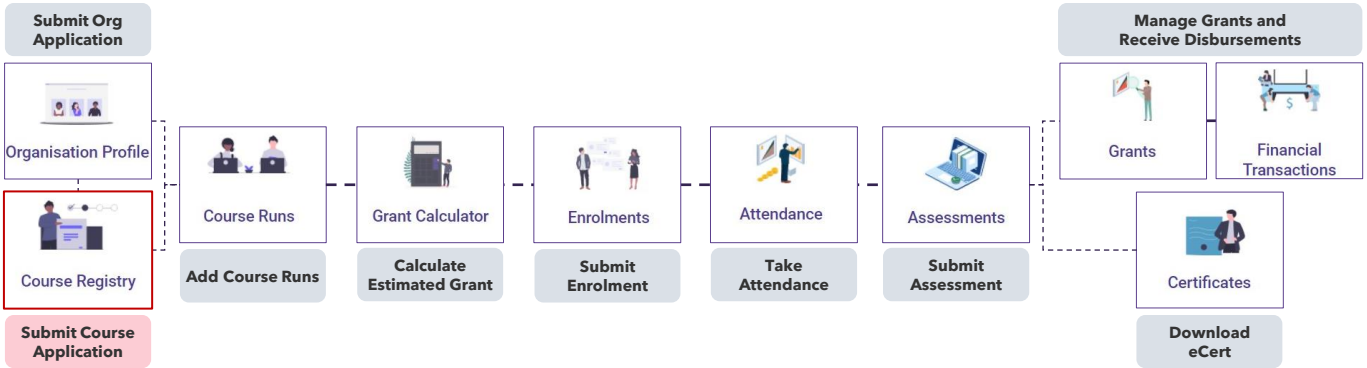
Training Providers

Course Applications on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to submit and delete Course Applications.

End-to-end TPGateway process for Training Providers



Included in this Quick Reference Guide

- Submit a Course Application
  - Do not submit a course application if you are offering a **Non-WSQ** course that falls under the **Private Education (PE) Act**. For such courses, you will need to apply for course permission via GoBusiness Licensing portal first. Upon approval of the course permission, you may apply for course funding via the "Course Listing" dashboard on TPGateway. Refer to **Course Dashboards** Quick Reference Guide here to **apply for course funding**.
- Delete a Course Application

"Course Registry" tile at a glance

Course Applications

Training Providers

Course Applications on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to submit and delete Course Applications.

Submit a Course Application

Pre-requisites

- "Full Access" to "Course Registry" tile
- Approved Organisation Profile, **unless** you are submitting a combined Organisation Registration & Course Application (New TPs only)
- Your course is **not** an SFC-only course (Please upload SFC-only courses via DCT)

Skip to Step 8 if you are submitting a combined Organisation Registration & Course Application

1. Click on **New Course** to start a new course application

Getting you started (pre-application form for your Course Application)

You are required to complete all required fields (where applicable) in the Course Application Form.
Note: Not all questions will be covered in this guide.

2. For the question "Is your organisation an Institute of Higher Learning (IHL) or Government Agency?": Indicate "Government Agency" if your organisation is a Government Agency or an Institute of Higher Learning (IHL)
   - Institute of Higher Learning (IHL) includes Autonomous Universities (AU) and Post-Secondary Education Institutes (PSEI)
3. For the question "Which agency does this course fall under?": Select the agency which the programme you are applying for falls under.
4. For the question "For Training Partners with a valid hashcode, what type of course are you applying for?": If your organisation has a **valid hashcode**, select the type of course that you are applying for and enter your hashcode. Otherwise, select "Not Applicable – I do not have a hashcode."

Hashcodes are only applicable for:
- Assessment-only-Pathway (AOP) course, or
- Course supported by SSG Industry Development Division (IDD)

For the above course types, **failure to indicate a valid Hashcode** will render your **submission invalid** and **forfeiture of your application fee**.

Course Applications

Training Providers

Course Applications on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to submit and delete Course Applications.

5. For the question "What is the programme that this course falls under?": Select the programme type that the intended course falls under

   The list of programmes available in the drop down will be dependent on the agency you have selected in the question "Which agency does this course fall under?"

Note: There will be additional questions to be answered in the "Getting Started" questionnaire if you are applying for a programme under SkillsFuture Singapore or Workforce Singapore.

Ensure all information is accurate before proceeding; no changes allowed to these fields once you have started the Course Application

6. Click **Next**
7. Review the information on "Journey Ahead" page and click **Proceed** to begin Organisation Registration

Basic Information

Note: Depending on the responses provided in the pre-application form, a different set of questions will be surfaced in your course application form

8. Under "About This Course" (suggest 100-word cap), ensure the following information is captured:
   - Give a high level overview of your course
   - Highlight the benefits your course offers including skills, competencies and needs that the course will address
   - Explain how the course is relevant to the industry and how it may impact the learner's career in terms of employment/ job upgrading opportunities
   - Indicate if the course is for beginner, intermediate or advanced learners

9. Under "What You'll Learn", ensure the following information is captured:
   - What skills/ knowledge can trainees learn from the course
   - Course syllabus outline (if applicable)
   - Ensure keywords relevant to the course are included to facilitate learners' course search

10. Under "Minimum Entry Requirements", ensure the following information is captured:
    - Language and literacy proficiency level
    - Target age group
    - Prerequisite skills and knowledge
    - Required years of experience in relevant domain
    - Minimum education level
    - Other relevant details on entry requirements

Course Applications

Training Providers

Course Applications on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to submit and delete Course Applications.

11. To complete "Frequency of training" table:
    - "Total Number of Months" should capture the expected course duration *(e.g. for a course with 1 week duration, indicate 0.25 month)*
    - "Total Number of Days per week" and "Total Number of Hours per day" should capture the frequency of course curriculum

Details and Course Fees

Note: Depending on the responses provided in the pre-application form, a different set of questions will be surfaced in your course application form

12. For "Is this a blended training programme?", indicate "Yes" if the programme comprises of more than one learning mode (e.g. Classroom Training + Practical Training)

13. For "What is/are the mode(s) of training for this course?", click Add Record to select the Mode of Training and Proposed Duration (hours) according to the following guidelines:
    - **Classroom Facilitated Training** – Interactive and trainer-led training in classroom setting
    - **On the Job Training (OJT)** – Initiated by employers for own employees while employees are performing actual job. TPs to submit OJT blueprints to SSG for evaluation (applicable to in house courses only)
    - **Supervised Field training (SFT)** – Trainee returns to the workplace for coaching under a mentor. TPs to ensure existence of structured lesson plan and training is conducted at the workplace.
    - **Practical/Practicum-Training** – Supplements classroom training through practice by allowing trainees to observe method of doing work and physically try it out. Includes supervised training. Practicum is initiated by TPs as part of training programmes, where there is supervised training that allows trainees to perform application of skills. This takes place usually in generic worksites.
    - **Synchronous e-Learning** – Conducted online via webinars or video conferencing etc.
    - **Asynchronous e-Learning** – Conducted online via Learning Management System where trainees learn at their own pace. Sum of "Breakdown of cost components" should tally with proposed course fees per trainee

14. Under "Justification of course fees", ensure the following information is captured:
    - Cost breakdowns
    - Comparisons of course fee pricing with similar courses

Skills and Industry Relevance

Note: Depending on the responses provided in the pre-application form, a different set of questions will be surfaced in your course application form

15. Under "Which job role(s) would this course be suitable for?", indicate the occupations/job roles that the course caters to

16. Under "Select the Industry Transformation Map (ITM) that this course is referenced to", indicate the appropriate "Cluster" and "Sector"
    Visit https://www.mti.gov.sg/ITMs/Overview to learn about ITM

17. Under "Keyword Tags", click Get Tags to generate the recommended keyword tags.
    This is optional for input as it is designed to provide you with recommendations on the keyword tags relevant to your course based on the inputs you have provided

18. Under "Is this course aligned to any areas identified under the Progressive Wage Model (PWM) sectors?", Indicate 'Yes' if this course is aligned to any of the below Frameworks and Technical Skills and Competencies (TSC) codes endorsed by the respective Tripartite Cluster:
    - Skills Framework for Environmental Services
    - Skills Framework for Landscape
    - Skills Framework for Security
    - Skills Framework for Retail
    - Lift PWM course

19. Under "Which skill(s) is this course mapped to?", click Add Record to enter a new row of selected skill, and select the relevant "Skill Title", "Skill Code", and "Skill Certificate Template"

Contact Persons, Course Admin and Adult Educators

Note: Depending on the responses provided in the pre-application form, a different set of questions will be surfaced in your course application form

20. Under "Contact Persons for Public Enquiries", ensure that the correct email addresses(es) and contact number(s) of the personnel handling public enquiries are captured.

21. Under "Course Administrators", ensure that the Correct email address(es) of Course Administrator(s) is/are captured
    Course Administrator(s) will not receive system notifications if there are errors in the email addresses provided

Course Applications

Training Providers

Course Applications on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to submit and delete Course Applications.

Supporting Documents

22. Download the "Supporting Documents to Upload Checklist" which will show you the list of mandatory supporting documents for the respective Agency
23. Click Upload Documents to upload any relevant supporting documents apart from the documents requested as part of the Application
24. Click on the "Upload" hyperlink to upload the support documents for the requested documents
    - The acceptable file formats are .doc, .docx, .xls, .xlsx, and .pdf
    - Ensure there are no special characters in the supporting documents
25. Click Next

The system may require up to 10-15 minutes to perform a file scan on the uploaded supporting documents

Review your Application

26. Review your application to ensure that all information entered is accurate
27. Read and agree to the Terms and Conditions and make the necessary Declarations
28. Click Proceed to Payment and complete your payment
29. You will receive an "**Application Acknowledgement**" message

Course Applications

Training Providers

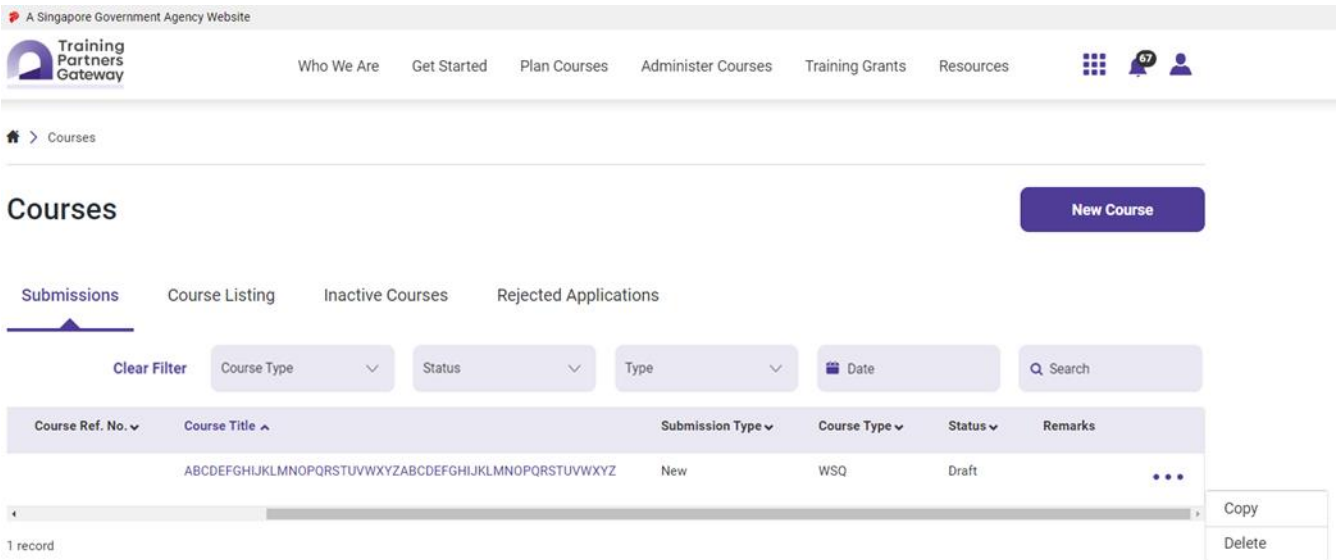
Course Applications on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to submit and delete Course Applications.

Delete a Course Application

Pre-requisites

- ✅ "Full Access" to "Course Registry" tile
- ❌ Your course is **not** an SFC-only course (Please upload SFC-only courses via DCT)



1. Click on Submissions to view a dashboard of your course applications. Skip to Step 5 if the status of the course application to be deleted is "Draft". If the status of the course application is "Pending Payment", please proceed with Step 2.
2. Select the application that is to be deleted.
3. Click on ❻ to review your application.
4. Scroll to the bottom of the page and click on Save As Draft
5. When back at the dashboard, the status of the course application will be "Draft". Click on ••• at the extreme right of the row, using the horizontal scroll bar if required.
6. Select "delete" to delete the course application.
