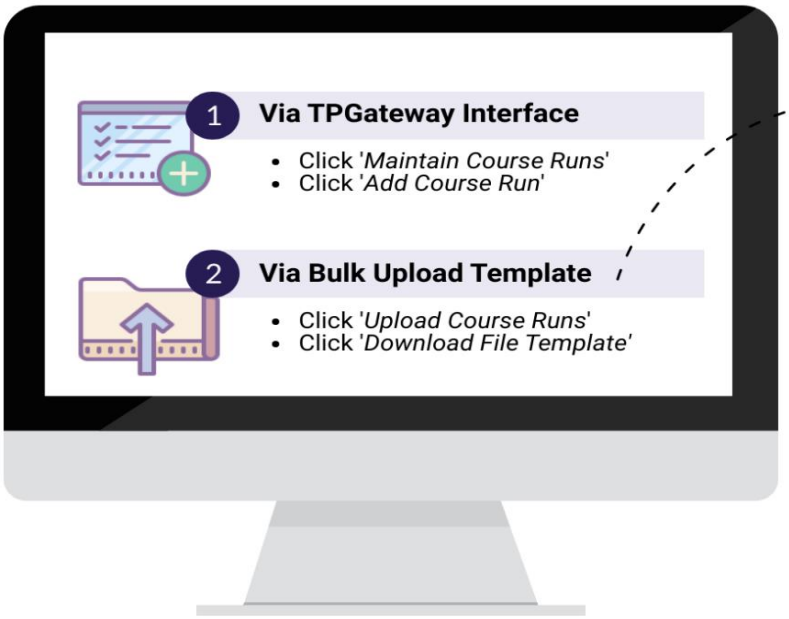
CREATE COURSE RUNS
IN TRAINING PARTNERS GATEWAY

TWO WAYS TO CREATE COURSE RUNS



Use the template to:

- Create **multiple** course runs and sessions simultaneously

COURSE RUNS VS COURSE SESSIONS

Course runs: Period that the course is available for
Course sessions: Specific course time/date within the Course run period

VENUE TO ENTER FOR ELEARNING

Asynchronous or On-the-Job "Mode of Training": Not mandatory to indicate venue
Synchronous e-learning "Mode of Training": Indicate venue as default classroom venue or training organisation's office address

WHEN TO CREATE SESSIONS

For Courses with **both** classroom and e-learning components: Create sessions with differing 'Modes of Training'.
For Course Runs with an '**Assessment**' component.
For more information, refer to Course Runs FAQ on 'How many sessions should I create for my course runs?'

REQUIREMENTS TO ENABLE ATTENDANCE TAKING

Both course runs and course session(s) are required for attendance to be taken. Attendance for 'Assessment' sessions will also be taken.

Having issues? Check these:

- ✓ Ensure you have full access to the Course Runs tile
- ✓ Ensure your course application has been approved
- ✓ Ensure that the fields in the templates are filled in according to the acceptable formats (e.g. dates in Course Runs should be entered as YYYYMMDD)

For any technical issues, provide a description of the issue and screenshot(s) via the service portal (https://service-portal.skillsfuture.gov.sg/s/)

This document is updated as of 29 December 2023 and is subject to changes.

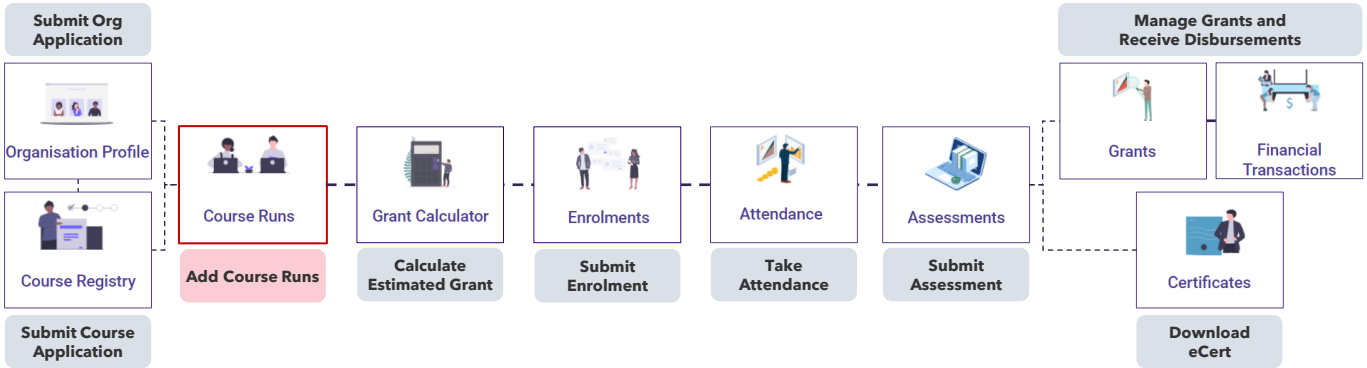
Course Runs

Training Providers

Course Runs on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to manage Course Runs.

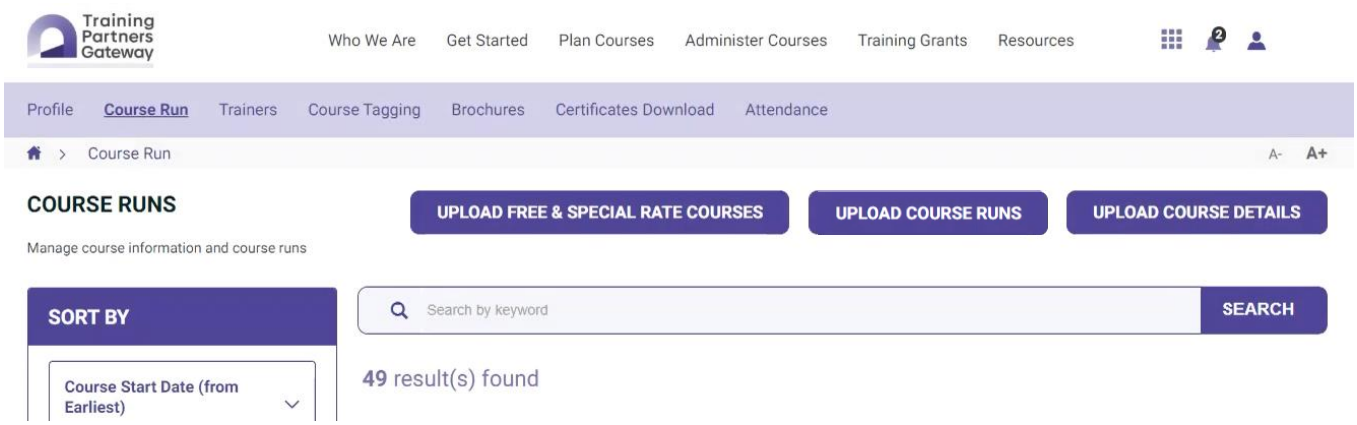
End-to-end TPGateway process for Training Providers



Included in this Quick Reference Guide

- Add Course Runs and Sessions
- Upload Course Runs and Sessions
- Search and View Course Runs and Sessions
- Edit Course Runs and Sessions
- Delete Course Runs and Sessions

"Course Runs" tile at a glance



This document is updated as of 29 December 2023 and is subject to changes.

Course Runs

Training Providers

Course Runs on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to manage Course Runs.

Add Course Runs and Sessions

Pre-requisites

- "Full Access" to "Course Runs" tile
- Course Application has been approved

Add Course Runs

1. Search for course(s) using the search bar *(Input the course title to display suggested keywords)*
2. The details of the selected course will be displayed in the list of search results
3. Click MAINTAIN COURSE RUNS to the right, corresponding to the course
4. Click ⌄ to view detailed information on the selected course run
5. Click ADD COURSE RUN and input course run information into the form
   - Input course "Registration Date" and "Course Date"
     Under "Course Run End Date", input course end date <u>or</u> assessment end date, ***whichever is later***
   - Indicate course run "Mode of Training"
     Mode of Training will be "Classroom" by default
   - Input training venue information
     Asynchronous or On-the-Job "Mode of Training": Not mandatory to indicate venue
     Synchronous e-learning "Mode of Training": Indicate venue as default classroom venue or training organisation's office address
   - *(Optional)* Input Trainer(s) information
     Trainer(s)' information will be published on MySkillsFuture Course Directory and trainer(s) indicated under the course run will receive the link containing the attendance code and QR code via email from MySkillsFuture

To add **existing** trainer(s) information	To add **new** trainer(s) information
a) Click + Add Trainer	a) Click New to add trainer's profile and information
b) Click Existing to select existing trainer(s)	b) Click OK to display the trainer in the list
c) Click ADD TRAINER to display all selected trainer(s) in the list	c) Click ADD TRAINER to display all selected trainer(s) in the list

Please create the course runs and course sessions at ***at least 5 days before the course starts*** *to facilitate a smooth trainee enrolment process. Do remember that it is important to submit the course runs before the course starts.*

It may take up to ***1.5 – 2 hours*** *before the course run details will be synced within the portal to be reflected on the "Enrolments" tile. Enrolment of trainees can only be performed after the course runs have been synced.*

Course Runs

Training Providers

Course Runs on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to manage Course Runs.

Add Course Runs Sessions

6. After inputting the course run information, click **SAVE AND CONTINUE**, which will direct you to the Add Sessions page
7. Click **ADD SESSIONS** to input course run schedule (i.e. session information for the course run)

   It is **mandatory** to create session(s) for course runs to facilitate **both** digital (via attendance code/QR code) and manual attendance taking (where required) for grant disbursements

   - *(Where required)* Edit session "Start Date" and "End Date"
     Session start and end dates are based on the course run dates
   - Input "Session Start Time" and "Session End Time"
     If "Mode of Training" is Classroom / Synchronous / In-house / Practical (Practicum) / Supervised Field / Traineeship, create 2 sessions (1 for AM, 1 for PM) for each day and exclude lunch hours (if applicable)
   - Indicate session "Mode of Training"
     Mode of Training will be "Classroom" by default. Please create session(s) based on the approved Course Application, including "Assessment" session(s) for course runs with an assessment component
   - Input training venue information
     Asynchronous or On-the-Job "Mode of Training": Not mandatory to indicate venue
     Synchronous e-learning "Mode of Training": Indicate venue as default classroom venue or training organisation's office address

8. Click **POPULATE** to confirm session information
9. (Where applicable) Click **ADD SESSIONS** to add additional session(s) for the course run
10. Click **SUBMIT RUN** to submit the course run and session(s)
11. Click **OK** to confirm

Sessions are created/repeated daily based on the Start Date and End Date by default.

☐ **REPEAT** and ☐ **EXCEPTION** may be used to set a deviation from the default creation of daily sessions.

Backdate Course Runs and Sessions

Upload backdated courses runs and sessions via the "**Upload Course Runs**" function using the Course Runs **Excel** Template.

Refer to Upload Course Runs and Sessions section for more information

Course Runs

Training Providers

Course Runs on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to manage Course Runs.

Upload Course Runs and Sessions

Pre-requisites

- "Full Access" to "Course Runs" tile
- Course Application has been approved

1. Click UPLOAD COURSE RUNS
2. Click DOWNLOAD FILE TEMPLATE, which will download a Course Run Template in Excel format.
3. Proceed to input the required information and save the Course Run Template file.
   - For guidance, refer to the "Definition" tab in the Course Run Template file
   - *(Where applicable)* Repeat row(s) (i.e. copy and paste) to add additional session(s) for the course run and edit session information accordingly
4. Upload the completed Course Run Template file by clicking
5. Review the uploaded course run and session(s) information by clicking
6. To publish course run and session(s) information, click PUBLISH COURSE RUN

To add session(s) to an ***existing*** course run (i.e. update an existing Course Run ID with session(s)), ensure that the following fields under "Course Run Information" are the same. If any of the field(s) is changed, a ***new*** Course Run ID will be created.

- Course Reference Number
- Course Run Course Start Date
- Course Run Course End Date
- Course Run Mode of Training
- Course Run Venue – Postal Code
- Course Run Venue – Floor Number
- Course Run Venue – Room
- Course Run Venue – Unit Number

Should there be an error, you will see a notification in red. Click on the notification or EDIT to change the information.

If you see a message "There are one or more duplicated course runs, do you still want to proceed?", review the information.

Click OK and PUBLISH COURSE RUN to update your **existing** course run with session(s) information.

Backdate Course Runs and Sessions

Upload backdated courses runs and sessions via the "**Upload Course Runs**" function using the Course Runs **Excel** Template.

You may delete backdated course runs within 5 days from creation date via "Maintain Course Runs" page.

Course Runs

Training Providers

Course Runs on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to manage Course Runs.

Search and View Course Runs and Sessions

Pre-requisites

- "Full Access" to "Course Runs" tile
- Course Run(s) created in "Course Runs" tile

1. Search for course(s) using the search bar *(Input the course title to display suggested keywords)*
2. The details of the selected course will be displayed in the list of search results
3. Click MAINTAIN COURSE RUNS to the right, corresponding to the course
4. Click to view detailed information on the selected course run
5. Click View Sessions to view session(s) created under the course run

It is **mandatory** to create session(s) for course runs to facilitate **both** digital (via attendance code/QR code) and manual attendance taking (where required) for grant disbursements

Quick Tip

Use the **SORT** function to sort courses by course run start date or end date, alphabetical order, title or cost of fees.

Use the **FILTER** function to further refine your search by course runs status or course type.

Course Runs

Training Providers

Course Runs on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to manage Course Runs.

Edit Course Runs and Sessions

Pre-requisites

- "Full Access" to "Course Runs" tile
- Course Run(s) created in "Course Runs" tile
- Course Run(s) and/or Session(s) have not ended (i.e. future or in progress)

1. Search for course(s) using the search bar *(Input the course title to display suggested keywords)*
2. The details of the selected course will be displayed in the list of search results
3. Click MAINTAIN COURSE RUNS to the right, corresponding to the course
4. Click ⌄ to view detailed information on the selected course run
5. Click EDIT
6. After editing the course run information, proceed to confirm by clicking SAVE AND CONTINUE, which will redirect you to the Add Sessions page
7. Click ADD SESSIONS to edit / input course run schedule *(i.e. session information for the course run)*

   ⚠ It is **mandatory** to create session(s) for course runs to facilitate **both** digital (via attendance code/QR code) <u>and</u> manual attendance taking (where required) for grant disbursements

8. Click POPULATE to confirm session information
9. (Where applicable) Click ADD SESSIONS to add additional session(s) for the course run
10. Click SUBMIT RUN to submit the course run and session(s)
11. Click OK to confirm

Sessions are created/repeated daily based on the Start Date and End Date by default.
☐ REPEAT and ☐ EXCEPTION may be used to set a deviation from the default creation of daily sessions.

Course Run: *You may edit <u>future</u> **or** <u>in progress</u> course run details via TPGateway Interface*
Session: *You may add/edit <u>future</u> session details via TPGateway Interface*

Course Runs

Training Providers

Course Runs on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to manage Course Runs.

Delete Course Runs and Sessions

Pre-requisites

- "Full Access" to "Course Runs" tile
- Course Run(s) created in "Course Runs" tile

1. Search for course(s) using the search bar *(Input the course title to display suggested keywords)*
2. The details of the selected course will be displayed in the list of search results
3. Click MAINTAIN COURSE RUNS

Delete Course Runs

4. Click ☑ to select the course run(s) to be deleted
5. Click DELETE SELECTED COURSE RUN
6. Click OK to proceed and confirm

Select All may be used to select all displayed course runs to be deleted

You may only delete future course runs (i.e. course run cannot be deleted if the course registration or course run has started)

Delete Course Run Sessions

*(Continue from Step **3**)*

1. Click ⌄ to view detailed information on the selected course run
2. Click EDIT
3. From the Course Run Information page, click SAVE AND CONTINUE, which will direct you to the Course Run Schedule (i.e. session information) page
4. Click ⌄ to view detailed information on the selected session
5. Click DELETE to delete the selected session
6. Click SUBMIT RUN to proceed
7. Click OK to confirm

You may only delete future sessions (i.e. session cannot be deleted if the session has started)
