Training Providers

Enrolments on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to submit trainee enrolments.

Submit Single Enrolment

Pre-requisites

- "Full Access" to "Enrolments" tile
- Course Run(s) created in "Course Runs" tile

  Just created a course run? It may take up to 1.5 – 2 hours before the course run details will be synced. Kindly enrol trainee into the course run only after it has been processed.

1. Click **Add Enrolment**

Under Trainee Details

2. Enter trainee's ID Type, ID and Date of Birth
   - If ID Type = FIN/Others, enter trainee's name per trainee's ID
   - Only if trainee has incomplete Date of Birth (DoB) information (i.e. no day and/or month), please input "01" at the appropriate day and/or month fields
3. Click **Submit Trainee**

Under Enrolment Details

4. Enter trainee's Email and Contact Number
5. Select a Course and the Course Run which the trainee is enrolling in
6. *(Where applicable)* Enter Course Fee Discount
   - Input numerical values only (please do not include the minus (-) sign)
7. Select the Sponsorship Type
   - If Sponsorship Type = Employer, enter sponsoring employer's UEN
8. Click **Calculate Funding**

Under Enrolment Fees

9. *(Where applicable)* Update Enrolment Fee Collection Status
   - Value is defaulted to "Pending Payment"
   - To receive funding, please ensure to update the trainee's "Fee Collection Status" to "Full Payment"
10. Click **Confirm Enrolment**
11. You should see a message banner and the enrolment record would have been created successfully with a unique Enrolment ID (e.g. ENR-2101-123456)

Submit Bulk Enrolment

Pre-requisites

- "Full Access" to "Enrolments" tile
- Course Run(s) created in "Course Runs" tile

  Just created a course run? It may take up to 1.5 – 2 hours before the course run details will be synced. Kindly enrol trainee into the course run only after it has been processed.

1. Click Bulk Upload

Complete Bulk Upload Enrolments Template

2. Select a course from the drop-down list and click Submit

   Enrolment records from different course runs can be uploaded within the same template for the **selected course** by specifying the course run reference numbers
3. Click the attached excel template to download bulk upload template
4. Refer to the "Instructions" tab
5. Complete the "Enrolment Upload Template" tab
   - Complete all mandatory fields
   - Not more than 500 records
   - Save document in CSV (comma delimited) (*.csv) format on your desktop
6. Click Drop a file here or browse to upload to upload completed file
7. Click Submit

Verify Enrolments

8. Verify information populated
   - Changes can be made to all fields except trainee name

     If ID Type = FIN/Others, ensure trainee's name is reflected as per trainee's ID

     If ID Type = NRIC, trainee's name as shown on trainee's NRIC will be auto-populated if field has been left blank in the template

Training Providers

Enrolments on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to submit trainee enrolments.

10. You should see a message banner and the submitted enrolment records will be sent for processing
11. You will be redirected back to the "Enrolments" page

    There will be an in-system notification with a URL link to your enrolment records once your bulk upload has been processed

    A unique Enrolment ID (e.g. ENR-2101-123456) will be created for each successfully saved enrolment record

    Otherwise, refer to "Reason for Failure" column to rectify the error(s) and re-upload the unsuccessful enrolment record(s) for re-processing

- You can upload enrolment records from different course runs for a single course in the same template by specifying the respective course run IDs
  As there may be a time lag before the newly created course run(s) information will be synced to the "Enrolments" tile, enrol your trainees into the new course run(s) 1 – 1.5 hours later
- Under "Date of Birth" field, please "format cells" and choose a "custom date" format with "dd-mm-yyyy" or "dd/mm/yyyy"
- Limit of 500 records per bulk upload
