Troubleshooting Attendance

Common Problems faced with Attendance

1	2	3	4	5
LATE ATTENDANCE	UNCONFIRMED ATTENDANCE	ATTENDANCE BEFORE ENROLMENT	MAKE-UP ATTENDANCE	MISMATCH ID TYPE and/or ID NUMBER
Was the attendance record submitted before the submission deadline?	Was the attendance record confirmed after uploading?	Was the attendance record submitted before enrolment was submitted?	Was the attendance record uploaded under a make-up course run session?	Was the attendance record uploaded with the same ID Type and ID Number as enrolment?

Attendance

Training Providers

Attendance on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to manage Attendance.

Troubleshooting Attendance

Common Problems faced with Attendance

1 Was the attendance record submitted before the submission deadline?

Check the course run end date and attendance submission date to determine if the attendance record was uploaded within the **attendance submission deadline**

To check the attendance submission deadline for the respective course run:
1. Click on "Grants" tile
2. Search for the Course Run and click on the Course Run ID
3. From Training Summary page, refer to "Attendance Submission Cut-off"

Note: There is a deadline for attendance record submissions based on the agency you are transacting with Please refer here for the respective deadlines.

Attendance record submitted after the submission deadline will not be taken into consideration as part of the grants disbursement criteria

Grants for non-certifiable courses will not be processed if trainee does not meet the 75% attendance requirement

2 Was the attendance record confirmed after uploading?

Search for the relevant course run session to check if the attendance record has been **confirmed**

- Refer to *"Search and View Attendance Records"* section to find out how to search for a course run session
- Refer to *"Edit Attendance"* section to find out how to confirm an attendance record after uploading

Attendance record that was not confirmed OR confirmed after the submission deadline will not be taken into consideration as part of the grants disbursement criteria

Grants for non-certifiable courses will not be processed if trainee does not meet the 75% attendance requirement

Attendance

Training Providers

Attendance on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to manage Attendance.

Troubleshooting Attendance

Common Problems faced with Attendance

3 Was the attendance record submitted before enrolment was submitted?

Check the attendance submission date and enrolment date to determine if the attendance record was submitted **before the trainee was enrolled**

To rectify this, delete the attendance record submitted prior to enrolment and resubmit the attendance record (after enrolment has been created). You will then have to submit a request to rescore the attendance via the service portal.

If attendance record is submitted before the trainee was enrolled, there is no enrolment to be matched to the attendance record. The attendance record will then be matched to the trainee's previous enrolment under the same course *(if any)* as a makeup attendance.

Attendance record submitted under an incorrect course run will not be taken into consideration as part of the grants disbursement criteria

Grants for non-certifiable courses will not be processed if trainee does not meet the 75% attendance requirement

4 Was the attendance record uploaded under a make-up course run session?

Check if the attendance record was uploaded under the correct course run

- Refer to *"Search and View Attendance Records"* section to find out how to search for a course run
- Refer to the "*TPGateway: Make-up Attendance and Assessment Arrangements*" video under the "Attendance" section here for more information on make-up attendance

Attendance

Training Providers

Attendance on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to manage Attendance.

Troubleshooting Attendance

Common Problems faced with Attendance

5 Was the attendance record uploaded with the same ID Type and ID Number as enrolment?

Check the ID Type and ID Number of the enrolment record against the attendance record via the **"Enrolment Detail" page and "Training Session" page** respectively, to determine if the ID Type and ID Number are correct and consistent

Accessing "Enrolment Detail" page

1. Click on the "Enrolments" tile
2. Click on the course run that the trainee is enrolled in
3. Click on the "Enrolment ID" of the trainee
4. Locate the ID Type and ID Number of the trainee under "Trainee Details"

Accessing "Training Session" page

1. Click on the "Attendance" tile
2. To search for sessions, begin by entering the course title in the search bar, which will then suggest keywords based on course titles
3. Based on the selected course title, course runs and sessions will be viewable in the drop-down list
4. Click on "View all sessions"
5. Locate the ID Type and ID Number of the trainee

Attendance record with inconsistent ID Type and ID Number as the enrolment record will not be taken into consideration as part of the grants disbursement criteria

Grants for non-certifiable courses will not be processed if trainee does not meet the 75% attendance requirement
