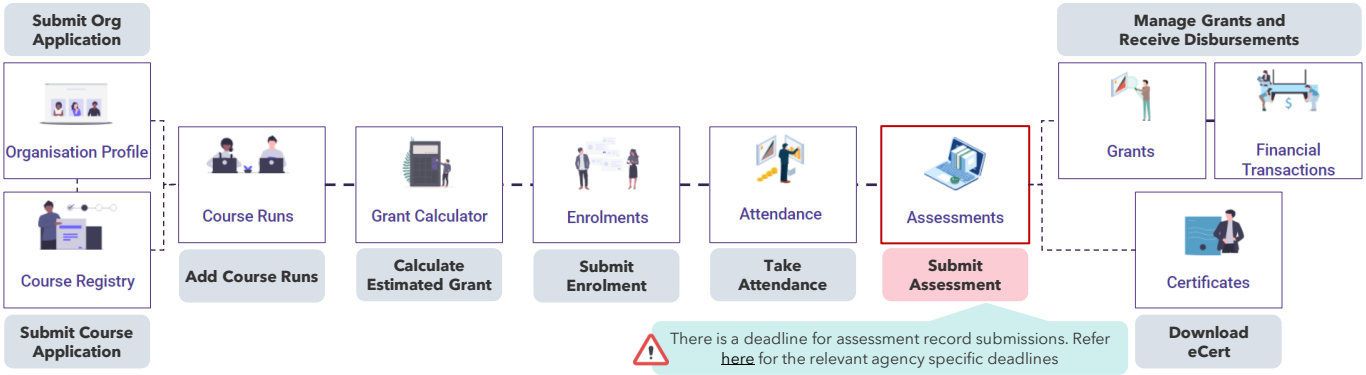
Assessments on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to upload and amend assessment records.

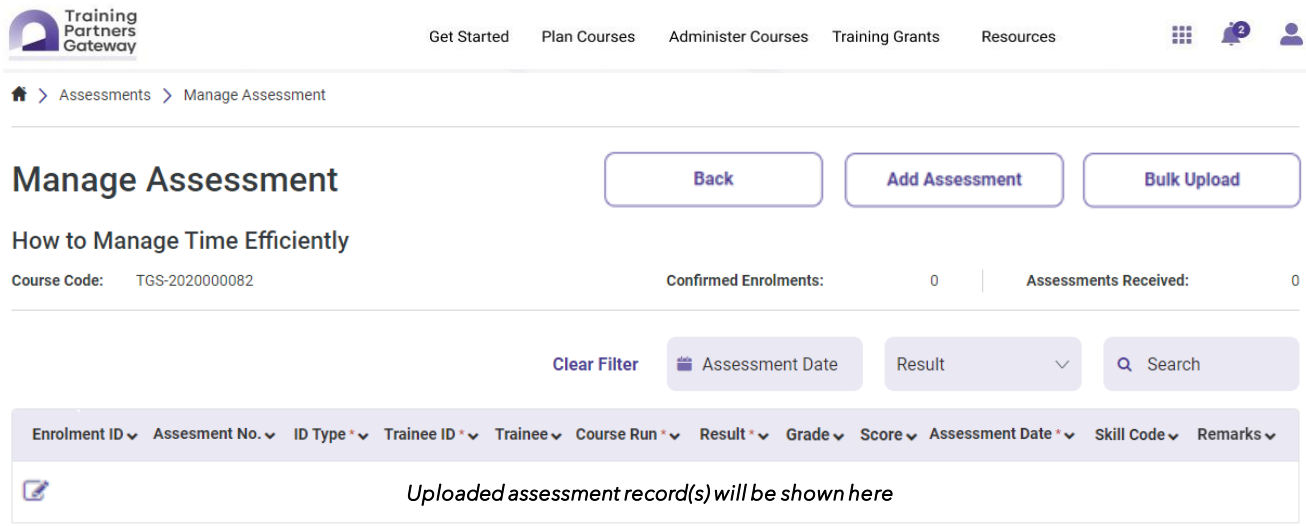
End-to-end TPGateway process for Training Providers



Included in this Quick Reference Guide

- Upload Single Assessment Record for Trainee with Enrolment
- Upload Single Assessment Record for Trainee without Enrolment
- Upload Bulk Assessment Records
- Edit Assessment Records
- Upload Assessment Records via Assessment Centres
- Common Error Messages

"Assessments" tile at a glance



This document is updated as of 10 October 2022 and is subject to changes.

Assessments

Training Providers

Assessments on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to upload and amend assessment records.

Upload Single Assessment Record for Trainee with Enrolment

Pre-requisites

- "Full Access" to "Assessments" tile
- Course Run(s) created in "Course Runs" tile
- Enrolment(s) submitted in "Enrolments" tile

1. Search for the Course Run and click on the Course Run ID
2. Click on the left of the Enrolment ID
3. Enter the enrolled trainee's assessment result(s)

   Please indicate 'Trainee Name' as shown on the trainee's government ID

   Trainee's name displayed on the e-Certificate (only for SSG training providers) is primarily retrieved from government verified information. If no government-verified information is available for the trainee, (e.g. for some trainees with ID Type = FIN/Others), trainee's name will be retrieved from the assessment record submitted by you

   You are required to upload an assessment record per skill code

   For e.g., if there are 3 skill codes indicated in the approved course, you are required to upload 3 assessment records (1 record for each skill code)

   If no skill code is indicated in the approved course, you can leave the "Skill Code" field blank

   The system only auto-creates an entry to upload assessment record per Enrolment ID

   If a course has multiple skill codes, please click Add Assessment or Bulk Upload function to upload additional assessment records

5. Click on the left of the Enrolment ID
6. You should see a message banner and the assessment record would have been saved successfully with an unique Assessment No. (e.g. ASM-2101-12345) created
7. *(Where applicable)* Proceed to enter additional assessment record(s) for the same trainee for a different skill code and/or next Enrolment ID

Training Providers

Assessments on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to upload and amend assessment records.

Upload Single Assessment Record for Trainee without Enrolment

Pre-requisites

- "Full Access" to "Assessments" tile
- Course Run(s) created in "Course Runs" tile
  - Just created a course run? It may take up to 1.5 – 2 hours before the course run details will be synced. Kindly enroll trainee into the course run only after it has been processed.

1. Search for the Course Run and click on the Course Run ID
2. Click **Add Assessment**
3. Enter the enrolled trainee's assessment result(s)
   - Please indicate 'Trainee Name' as shown on the trainee's government ID

     Trainee's name displayed on the e-Certificate (only for SSG Training Providers) is primarily retrieved from government verified information. If no government-verified information is available for the trainee, (e.g. for some trainees with ID Type = FIN/Others), trainee's name will be retrieved from the assessment record submitted by you
   - You are required to upload an assessment record per skill code

     For e.g., if there are 3 skill codes indicated in the approved course, you are required to upload 3 assessment records (1 record for each skill code)

     If no skill code is indicated in the approved course, you can leave the "Skill Code" field blank
5. Click on the left of the blank Enrolment ID
6. You should see a message banner and the assessment record would have been saved successfully with an unique Assessment No. (e.g. ASM-2101-12345) created
7. (Where applicable) Proceed to enter additional assessment record(s) for the same trainee for a different skill code and/or next trainee
8. (Where applicable) Click **Add Enrolment** under "Remarks" column to complete trainee's enrolment
   - Funding will NOT be applicable if the enrolment is only added after the submission deadline

Assessments

Training Providers

Assessments on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to upload and amend assessment records.

Upload Bulk Assessment Records

Pre-requisites

- "Full Access" to "Assessments" tile
- Course Run(s) created in "Course Runs" tile
  - Just created a course run? It may take up to 1.5 – 2 hours before the course run details will be synced. Kindly enrol trainee into the course run only after it has been processed.

1. Click **Bulk Upload**

Complete Bulk Upload Assessments Template

2. Click the attached excel template to download bulk upload template
   - Assessment records from different course runs can be uploaded within the same template for **multiple courses** by specifying the course run reference numbers
   - You are required to upload an assessment record per skill code

     For e.g., if there are 3 skill codes indicated in the approved course, you are required to upload 3 assessment records (1 record for each skill code)

     If no skill code is indicated in the approved course, you can leave the "Skill Code" field blank

The "Skill Code" field should match one of the skill codes present in the course details found within the "Course Registry" tile.

Alternatively, the skill codes applicable to the course can be found within the "Assessments" tile
Steps: Click Course Run ID > Click Add Assessment > Scroll right to "Skill Code" column and click on dropdown

3. Refer to the "Instructions" tab
4. Complete the "Assessment Upload Template" tab
   - Complete all mandatory fields
   - Not more than 500 records
   - Save document in CSV (comma delimited) (*.csv) format on your desktop
5. Click Drop a file here or browse to upload to upload completed file
6. Click **Submit**

- You can upload assessment records from different courses in the same template by specifying the respective course run IDs
  As there may be a time lag before the newly created course run(s) information will be synced to the "Assessments" tile, upload your trainees' assessment records into the new course run(s) 10-15 minutes later
- Under "Assessment Date" field, please "format cells" and choose a "custom date" format with "dd-mm-yyyy" or "dd/mm/yyyy"

Assessments

Training Providers

Assessments on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to upload and amend assessment records.

Verify Assessment Records

7. Verify information populated
8. Click **Save**
9. You should see a message banner and the submitted assessment records will be sent for processing
10. You will be redirected back to the "Assessments" page

    There will be an in-system notification with an URL link to your assessment records once your bulk upload has been processed

- An unique Assessment No. (e.g. ASM-2101-12345) will be created for each successfully saved assessment record
- Otherwise, refer to "Reason for Failure" column to rectify the error(s) and re-upload the unsuccessful assessment record(s) for re-processing

Assessments

Training Providers

Assessments on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to upload and amend assessment records.

Edit Assessment Records

Pre-requisites

- "Full Access" to "Assessments" tile
- Assessment record(s) uploaded to Course Run
- Assessment records can only be edited if the assessment submission window for the course run has not ended

1. Search for the Course Run and click on the Course Run ID
2. Click on left of the Enrolment ID
3. Make the necessary edits

   "Trainee ID" and "Course Run" fields are non-editable; Erroneous records should be voided before creating a new record with the correct "Trainee ID" and/or "Course Run ID"

5. Click **Save**

Void Assessment Record

Change the "Result" field to "Void" and click **Save**

Assessments

Training Providers

Assessments on Training Partners Gateway (TPGateway)

This guide is meant for Training Providers to upload and amend assessment records.

Upload Assessment Records via Assessment Centres

If you are partnering with an Assessment Centre (AC) to submit assessment records on your behalf:

- Authorise the AC by indicating the UEN of the AC in the Course Application (CA)
- Pass on the Course Reference No., Course Run ID and Enrolment details to the AC (offline)

You will have **"view-only"** access to the course's assessment records if an AC has been authorised in the CA; the AC will shall be responsible to upload assessment records on your behalf

For examinable courses, trainees' attendance has to be captured for all course run sessions, including the "Assessment" course run session

Where an AC has been authorised to facilitate the assessment session:

- TP to inform the AC to capture trainees' attendance
- TP to create the course run and course run sessions, including the "Assessment" course run session
- TP to generate and pass the digital attendance code and QR code to the AC to facilitate attendance taking; If trainees are unable to take attendance digitally, TP to ensure trainees' attendance are captured manually under the "Attendance" tile

e-Cert (if applicable)

Name printed on the e-Cert will be based on the entity that uploaded the assessment records and will be billed for the cost of the e-Cert

Assessments
